Press/Tv/Radio matters over the past month 15.4.93 - 15.5.93...

Television :

I understand from a reliable source, that on a saturday, about
2 - 3 weeks ago, there was a programme on Sky Television about
crop circles. Did anyone see it, or record it. If you have, then
please contact me at the editorial address.

28th April 1993 : Daily Mail :

When I saw the title of the article, I was left wondering...
'Enter Sea Stealth'...

The picture that follows
appeared in the paper. It
appears that it was
designed using the same
technology that was
used in the Stealth
aircraft. It is about the
size of a Sea Cat cross-
channel hydrofoil and is
the ultimate killer of
the deep. Officially it
is a test craft called
Sea Shadow, the worlds
first invisible ship.
It is covered with black
radar-absorbing paint &
has no hard angles or
sloping sides that radar
signals can latch on to.
It is controlled by a
handful of experts
using technology still
in its infancy.

Facts and figures :

Weight : 560 tons.
Speed : 13 knots.
Length : 160ft.
Width : 70ft.

It has cost around £158million to develop and has taken 11 years in the making. It appears that the Swedes have developed a version even more futuristic and more ugly. It has a weapons system that pops up and fires and then disappears back into the hull.

(If we are to believe that the Stealth technology came from either flying saucers that have been captured by the US or from the Aliens that are supposed to exist in some top secret underground base in Nevada, then one of the questions that comes to my mind is, have the Swedes captured their own flying saucer and aliens? and, if this technology has come from outer space, then what else has the United States government or any other country got hidden away in some top secret base?...ED.)

Magazine Review :

In this month's newsletter, I have 6 magazines to take a look at :

1. Crop Watcher, edited by Paul Fuller. No 15.

As ever, one of, if not the best magazines on crop circles you can buy. Paul produces a very readable magazine, which keeps you up to date in the field of crop circles. In this edition, he has included an article by Robert Irving : More ufos over Woodborough. A look at the crop circle rings in Canada in the 1970's, A very interesting interview with Doug Bower by Clas Svahn, and many more informative articles. If you don't get this magazine, then I would strongly advise those of you with an interest in the subject to buy it as soon as possible. Contact : Paul Fuller, 3 Selborne Court, Tavistock Close, Romsey, Hampshire, SO51 7TY.

2. Fortean Times : No 68 (£2 per copy). Another magazine worth a look at if you are interested in strange phenomena. In this edition, there is a look at a photo taken of a ufo that appeared in the Westmorland Gazette. But was it really a cloud? Also, an article that looks at cattle mutilations in America and possible alien connections, an interview with Mary Seal, conspiracy researcher (organiser of a conference at Wembley in January That Exposes A Global Deception. The only thing appears to have been exposed was that it was a total fiasco). Also, there is a look at the 1992 crop circles by John Michell. And finally, Dennis Stacy charts new developments in the standard Abduction Scenario.

Fortean Times can be obtained through your newsagents.

3. OVNI. Produced by the Phenomenon Research Association in Derbyshire. Group Leader Omar Fowler.

This is a very interesting magazine/newsletter. It had some very interesting information and views. At only £1 per copy, it is well worth looking at. Write for information to : 12 Tilton Grove, Kirk Hallam, Ilkeston, Derbyshire. DE7 4GR.

4. SKYLINK (London Ufo Studies Group). No 4. £4/4 Issues.

If you want a magazine packed with ufo sightings and info, then this is the magazine for you. I have read my copy over and over again and is great value. I highly recommend this to any ufo enthusiast. If you have a spare £4, then seriously think about it. Available from : Roy Lake, Head Office, 10A Tudor Road, Barking, Essex, IG11 9RX.

5. UFO MAGAZINE (QUEST INTERNATIONAL) : Vol 11 No 6.

As ever, the magazine is packed with news, views and material that may prove controversial in time to come. If you want a hard hitting magazine, then consider this for your library. I must admit, I sometimes find some of their views etc a little bit hard to swallow, but this is only my view. For production and quality in presentation, then I think you would find it difficult to find a British publication on ufos to equal it. Available from : 18 Hardy Meadows, Grassington, Skipton, North Yorkshire, BD23 5LR. (£15 per year).

6. FORSIGHT. At around £2 for 4. I found this an interesting little magazine. When I opened it, I did not know what to expect, but I was pleasantly surprised. It has a couple of interesting articles and a number of press reports re-produced on such subjects as the photo showing Hitler's body, the meteor that nearly hit earth !, a press cutting concerning ufos seen over the Shetland Isles and an article looking at 'ancient ufos', possibly built by the Nazis ?. Available from : J. Barklam, 44 Brockhurst Road, Hodge Hill, Birmingham, B36 8JB.

New Book Review...

I have just obtained a copy of Timothy Goods new book : Alien Update. It is as good as ever and I highly recommend the avid Ufologist to add it to their collection. Packed with ufo reports/sightings and some intriguing chapters. It is an account of the latest developments in the ufo scene, bringing the expertise of an international team to bear on this extraordinary worldwide phenomenon. I have picked out the following chapters :

Ufos over Washington DC, April 1992 : George Wingfield.

Close encounters in Romania : Gheorghita Florin.

Important Developments in the Former Soviet Union : Nikolai Lebedev.

1992 Animal Mutilations Update : Linda Moulton Howe.

These are but a few of the chapters that appear in the book and it kept me intrigued for hours. At around £4.99 for a paperback, I couldn't put it down.

Recent Ufo activity in Ireland.....

As I mentioned in a previous newsletter, I have finally been able to track down a press cutting from Ireland relating to the sightings. I must thank Mr John Price for supplying me with it. I have been unable to reproduce the full article (a copy is available from the Editorial address), so here are a few points from the article :

Bizarre Night Of Ufos ! Dublin Evening Press : 31.3.93...

Two eye witness accounts reported to the Gardai, were to be investigated by the Department of Transport.

A large mysterious object with lights and emitting a vapour was reported to air traffic control at Shannon from far away as Cork and Donegal.

The first report came from two Gardai in Co Limerick at 1.13 am.

Most reports came in between 2.00am and 2.15 am and the number of objects varied from 2 - 4.

The two Gardai officers saw a large object with two bright lights, one at the front and the other at the back.

It made no noise at all, and it left a sort of vapour trail like a jet behind it.

The department of transport said that their Air Navigation Services Section were looking into the matter.

Crop Circle News and Up-Date.

As of the 7th of May 1993, I have yet to hear of the first Crop Circle to be found in the United Kingdom or any other part of the world. The moment I hear of anything, then I will publish it on this page in future issues. What follows, are some useful address for the 1993 season and one or two items I have come across in my search for Crop Circle information.

Crop Circle Magazines :

The Cereologist : £7.50 for 3. Specialist Knowledge Services, 20 Paul Street, Frome, Somerset, BA11 1DX. Tel : 0373 451777..

The Crop Watcher. Produced by Paul Fuller. Available from : 3 Selborne Court, Tavistock Close, Romsey, Hampshire. SO51 7TY.

Crop Circle formation photographs of 1992...

Richard Wintle, Calyx Photo News, Marlborough House, 26 High Street, Swindon, Wiltshire. SN1 3EP.

Anthony Horn, 23 Sea View Drive, Scarborough, N.Yorks. YO11 3HY. 1992 Wiltshire Crop Formations. 6" X 4" £1.25 each. Posters available.

Board Game :

How about a Crop Circle board game !! I have not seen this myself, but all I know, is that it is available from :

G.T. VERNON, 16 Beggarswell Close, ST. Pauls, Bristol, BS2 9JH.

It costs £17.00 for ages 7 - 70. And payment by postal order.

I suggest that you write first before sending any money, as the advert is signed by " MERLIN ".

Readers Digest : August 1992.

I came across this article whilst I was trying to stay awake at work and one of the girls passed the magazine to me. It looks at the 1991 season, and offers one or two explanations as to what is causing the circles, from rampant hedge hogs, to ufos. They also look at the Doug and Dave Circus. (copy of article available from editorial address).
